Children's Spiritual Development - Creating a Better WorldVon Ein KundeGiving children the best possible start in life includes fostering their spiritual development. In our fast paced, result-driven world, our emotional and spiritual needs can be overlooked. The principles highlighted in this book give invaluable guidance for parents wishing to assist their children in developing values and coping skills that will take them through the challenges of life.As a therapist, I am happy to recommend this book to my clients who are parents. The best legacy we can leave to our children is a world that is gentler and more compassionate. The only route is through individual accountability - this book is an instrument to that end.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderous and Inspiring --I'm Impressed!
Von Stacy DeBroffThis book caught me by surprise, with the warmth that infuses its writing, the penetrating insightfulness of its principles, and the ability to integrate its ideas into the everydayness of life. It elevated my focus from the intensity of life's details to touch base with matters of the heart. I began to reflect with renewed clarity on the sense of family and values that I impart daily to my children ages 5 and 7. While other books out there have tried to copy this message, this book clearly has become the classic in its field. What a tremendous service to us moms!

Von Ein KundeMimi Doe and Marsha Walch's book 10 Principals for Spiritual Parenting is Priceless. Last night my children and I read the adult affirmations and the child's affirmations. We were moved and I personally felt a shift inside to a better place. My six year old who reads very well read some parts of the book to me. I could tell she liked and absorbed what she read. This book is an excellent tool for parents and children.

KurzbeschreibungIn the hustle and bustle of everyday life, how do we, as parents, honor the spirituality of our children? As we shuttle between school, soccer practice, piano lessons, ballet lessons, birthday parties, and doctors' appointments, how do we find the time to encourage our children, through the ups and downs of growing up, to turn to God for guidance?
In 10 Principles for Spiritual Parenting, Mimi Doe and Marsha Walch open our eyes to the spontaneous, creative, freethinking joy that characterizes a child's innate spirituality. In ten easy-to-follow chapters containing exercises and practical suggestions, the authors point out that opportunities to express spirituality are abundant in our routine life. Talking at dinner, lighting candles, performing daily chores--all of these events have the potential to be sacred moments.
Contemporary parents face unique challenges: In our media-saturated culture, children are continually exposed to violence, cynicism, and a confusing code of ethics. By offering concrete ways to help children develop positive values, Mimi Doe and Marsha Walch support parents' efforts to counteract negative messages.
10 Principles for Spiritual Parenting is an invaluable guide for parents who yearn to help their children nurture a rich spirituality of their own..deThis mother-daughter team offers practical advice for parents who wish to bring more spirituality into their parenting as well as their children's day-to-day life. Parents, regardless of whether they belong to an organized religion or not, report that the book has been profoundly inspirational. Each chapter is devoted to 1 of the 10 principles of spiritual parenting and includes ruminations as well as specific suggestions. The writing is fluid, well organized, and filled with respect for parents and their children. In the chapter titled "Create a Flexible Structure," suggestions include: provide daily quiet time, downshift into your child's rhythms rather than always imposing your own, and try not to get caught up in the competitive rush to sign up, join in, and push harder to give your child a leg up on other kids. --Gail Hudson
Pressestimmen"Shows us all that there is a spiritual solution to every problem--very helpful. I love this book."-Wayne W. Dyer
