Von Gary Provost : 100 Ways to Improve Your Writing (Mentor Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised 100 Ways to Improve Your Writing (Mentor Series):

Kundenrezensionen Hilfreichste Kundenrezensionen 9 von 10 Kunden fanden die folgende Rezension hilfreich. Nur für die blutigsten Anfänger geeignet Von chica361 100 Ways to Improve Your Writing...hilft nicht weiter, wenn man bereits über erste Erfahrungen beim Schreiben verfügt. Der Autor gibt Tipps, die derart banal sind (Bibliotheken aufsuchen, Recherchieren...), dass man ratlos weiter blättert. Wer seine (englische) Schreibweise polieren möchte, ist hier falsch. Wer das erste Mal in seinem Leben einen Text (der über einen Einkaufszettel hinausgeht) schreiben möchte, der mag dieses Buch interessant finden. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Superficial Outdated Von Sascha Fink This book has three advantages: It is easy to read, the tips are dense, and you are quickly through. It is, however, hopelessly superficial and outdated. Some of the tips need nothing more than the headline to give you all the information you needed, e.g. "Use Familiar Words", "Use Examples", "Get Some Reference Books". Reading the table of contents is actually enough to get the information. When there is a part whose content outgrows a headline, it does so only barely: "Know How To Use a Comma" comes down to 6 rules (one of them is "Use commas between members of the series.") and a general "Read it out loud fast" rule of thumb. Here, more would have been clearly better. "Get Some Reference Books" is also a good example to illustrate how outdated the book is. While contemporary guides tell you where to find references in the web for free, Provost recommends to buy a hardcover and a softcover dictionary - both! Then, you read about which type of band to use for your typewriter. Additionally, the book is so unspecific about what to write, that it becomes close to useless. Some of the tips are only useful for stories, and fiction writers seem to be the main audience. Others seem to be best geared at writing letters to the editor or newspaper articles. In these, Provost loves to quote his own oeuvre: articles for WeightWatchers, or about psychics for the Sunday Morning. I did not check what Provost's other works were before I bought the book, but I should have. A writer I am willing to admire for his work is easier to accept as a teacher. The book is cheap, but it is still too expensive given its value. I do not recommend it. 3 von 4 Kunden fanden die folgende Rezension hilfreich. One of the best brief sourcebooks for strong writing! Von Ein Kunde What makes writing effective is its punch, its power, its ability to reach an invisible, long skinny finger into your soul and scratch awake a feeling. If you have to write--or speak--whether on your job, or you're tackling your "I should write a book," what should you do to make it good? Do you have two minutes? Pick up 100 Ways, read one directive a day, think about it for 60 seconds, and get on with your work, integrating the new principles as you can. In three months, you'll be a better writer. Or thumb through the book to find and practice its most magical tricks, like "A man said," vs. "A county official said," from the two pages on using "specific nouns." If I could fantasize everyone I know--especially people trying to market their own businesses--into better communicators, I'd dream them into these five Provost guidelines: purpose, pyramids, transitions, wordiness and parallelism; then toss in for good measure: 12 ways to avoid making your readers hate you--all covered in less than 20 pages. The other 130 pages concisely address essentials from how to get started to where to put the commas. 100 Ways is as "quick and dirty" as you can get for sharp and clean writing.

Kurzbeschreibung This is the one guide that anyone who writes--whether student, business person, or professional writer--should put on the desk beside pencil, pen, typewriter, or word processor. Filled with professional tips and a wealth of instructive examples, this valuable, easy-to-use handbook can help you solve any and all writing problems. Kurzbeschreibung This is the one guide that anyone who writes--whether student, business person, or professional writer--should put on the desk beside pencil, pen, typewriter, or word processor. Filled with professional tips and a wealth of instructive examples, this valuable, easy-to-use handbook can help you solve any and all writing problems. Synopsis Gives advice on overcoming writer's block, developing a personal style, finding a good opening, improving one's diction, avoiding mistakes in grammar or punctuation, and editing a manuscript.
