Witzig, unterhaltsam, kurzweiligVon tristan_99Ich habe mir das Buch für den Flug in den Urlaub gekauft. Es hat mir die nervige Wartezeit verst. Habe mehrmals laut lachen müssen bei den amüsanten Zusammenhängen, die der Autor mit der deutschen Sprache herstellt. Viele "things" bei meiner Muttersprache waren mir auch überhaupt nicht bewusst. Der Autor muss Detektiv und Liebhaber des Deutschen zugleich sein, wie sonst kommt man als Brite (?) darauf, bei 100 interessante Punkte zu unserer Sprache zusammenzustellen und z.B. festzustellen, "In German, countries have genders. Turkey is feminine and Iran is masculine". Ganz verrückt wird es dann bei der Erklärung, warum man sagt "Ich gehe nach Schweden", aber nicht "Ich gehe nach Schweiz". Very amusing. Der leichte englische Text ist gut verständlich und als UK-Fan bekomme ich vice versa ein bisschen britischen Humor serviert. Von daher kann ich, zumal bei diesem Preis, dem Autor Jeremy Cope nur danken für eine kurzweilige und sehr unterhaltsame Lektüre.0 von 0 Kunden fanden die folgende Rezension hilfreich. informed and witty - all you ever wanted to know....Von S Vernon-SchadA short collection of interesting facts about the German language. Even after living in the country for 30 years, there were some lightbulb moments. Good for anyone generally interested in European languages and likes to have something to read on the train, at the bus-stop or wherever.

KurzbeschreibungUseful tips and tricks for learners, interesting facts and witty trivia. A great little book for anyone interested in languages and in particular in the German language. For learners of German (beginners or advanced), linguistic know-it-alls, trivia fans, crossword fanatics and even German speakers themselves. In this book you'll find language trivia mixed with useful information for anyone planning on impressing in German or showing off to their friends.Did you know.... in German there are words that contain three Fs in a row? if you give someone a "Gift" in German you probably want to kill them?! some words in German are the same in plural as they are in singular? the longest word in the world in German?Being able to understand and be understood in a foreign language is, of course, a very useful talent in today's ever-increasingly globalised world. Having a basis of interesting facts at hand about any foreign language will in turn help to foster an interest in the whys and whens of that language. This is half way to learning the language itself! Some foreign languages, not necessarily German, may appear ridiculously difficult to learn at first, but any additional information or sneaky ways to remember things will turn out useful.KurzbeschreibungUseful tips and tricks for learners, interesting facts and witty trivia.
