**Von Barbara Ann Kipfer : 21st Century Grammar Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised 21st Century Grammar Handbook:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I have purchased betterVon Ein KundeI didn't find this book to be what I was looking for. I wanted something easy to read for a quick brush-up on basic grammar and punctuation skills. Instead I found quite a few technical terms that I don't know off the top of my head. It made the contents confusing and ultimately I put the book down after a few minutes.

Not enjoyable or easy to read ( they do exist!). It's not to say the writers aren't knowledgeable, they are, but too much so. Try something else if you're looking to brush up on your skills.0 von 0 Kunden fanden die folgende Rezension hilfreich. IT'S WORTHY. Will help a lot.Von Ein KundeI found that book very useful. As a non-native english speaker, it helps me a lot when I have to write letters or even memos in my company. The English Grammar is a very extensive issue, so it is not easy to have a quick reference book. This is the one. I recommend even for native speaker. It has a key word index that helps a lot and includes not only grammar, but also style. It is not a five star because I think it could have more examples.0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent reference resource for immediate helpVon Brian Quinlan (bdq@splitrocktel.net)The 21st Century Grammar Handbook list subjects in alphabetical order which makes it a good reference tool when a person needs it the most - in the middle of writing. Also, the book covers everything; the number of topics discussed is extensive. The authors have shown themselves to be very knowledgeable in English grammar.

KurzbeschreibungThis all-new guide to english is designed to be user-friendly.Its innovative A-to-Z dictionary format lets you find the answers to your questions about grammar, punctuation, and preferred usage quickly and easily.Simply look up the problem areas as you would look up a word in the dictionary.It's just that simple and time-saving.A glossary of terms and plentiful cross-references offer even more help when you need it.Created by a leading expert in linguistics and lexicography.Covers all essential areas of grammar and style.A key word index for fast access.. Clear, plentiful examples.Up-to-date, modern, preferred academic and business usage.Portable for school, home, or office.From the Paperback edition..deFind the answers you need in this up-to-date grammar handbook that's organized like a dictionary.
