**Von John Triggerfish : 232 Bars: A Novel About Scuba, Ladyboys, and Living the Dream** before purchasing it in order to gage whether or not it would be worth my time, and all praised 232 Bars: A Novel About Scuba, Ladyboys, and Living the Dream:

KurzbeschreibungJohn Triggerfish lost everything and decided to start a new life in paradise. It didn't quite work out that way, although the ladyboys were pretty interesting. This is his story about becoming a Padi diving professional and meeting all manner of characters on his travels around the wonderful Kingdom of Thailand. Then of course there's his relationship with all the women that he meets whist cruising around the beaches and bars. That's pretty

interesting/disturbing. Add in a few nutters from Blighty and some of the best diving on the planet, and you've probably got the funniest book about scuba ever written. 232 Bars is NOT for the faint hearted. Please don't bother to read if easily offended. Kurzbeschreibung John Triggerfish lost everything and decided to start a new life in paradise.
