Courtesy of Teens Read Too Von Teens Read Too The Sisterhood may be grown up, but their legend lives on. Meet Polly, Jo, and Ama, three girls who are now entering the very same high school the legendary Sisterhood attended. The three have been friends since third grade, but now with high school approaching, they find themselves being drawn in separate

ways and spending the summer apart. Ama is all about academics, extra credit, and schoolwork. She's signed up to spend the summer at a camp that will give her school credit. She's hoping to be in the library all day, but instead finds herself signed up for the outdoor wilderness hike. Ama is not an outdoorsy girl and can't imagine herself spending the summer hiking and sleeping in a tent. Jo is spending the summer at her family beach house and working as a bus girl at a local restaurant. She's hoping to make friends with the older girls from the "in" crowd so she can start high school in the right group. But a fling with a mysterious boy threatens to change all of Jo's plans. Polly is stuck at home babysitting until she gets the idea that she could be a model. She throws herself into the world of modeling camp and starts to lose herself - and only her friends can help bring her back. One of Ann Brashares' strengths is that she puts so much into her characters that readers can always find someone like them. The experiences the girls have never seem over the top or unrealistic, and their friendship will resonate with readers making the transition from middle school to high school. Although reminiscent of THE SISTERHOOD OF THE TRAVELING PANTS series, Polly, Ama, and Jo each bring something new to the story - and their stories are original. Fans will enjoy the appearances made by characters from the previous series, as well. 3 WILLOWS is a great pick for readers looking for a wonderful, charming book about the challenges of friendship and growing up.
