**Von Brad De Long : 4-Wheel Freedom: The Art Of Off-Road Driving** before purchasing it in order to gage whether or not it would be worth my time, and all praised 4-Wheel Freedom: The Art Of Off-Road Driving:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Stating the obvious that isn't so obvious to the userVon Javier Prieto HuberDr. De Long has made the perfect book for those of us who have to learn things the hard way, on our own. With 4-Wheel Freedom we are taken step by step not only through the basics, but through some advanced techniques as well. His advice is good no matter where you live or what rig you own. Read once for pleasure and then give it a careful second going over, extracting the nuggets of wisdom that only come to us after making lots of mistakes and asking lots of questions to so-called "experts" who don't always know what they are talking about.Don't let my beginner's gratefulness fool you, I have friends who know a lot about 4x4 and have had to take back their initial comments about the book. One piece of advice has saved me

wear and tear on my rig and an expensive repair job. I hope the author writes more on the subject. 0 von 0 Kunden fanden die folgende Rezension hilfreich. (4 Sterne für das Buch + 2 Sterne für Kindle-Umsetzung) / 2 = 3 Sterne Von - Kunde Wie schon in der Überschrift angedeutet finde ich das Buch inhaltlich gut. Es werden diverse Standard-Situationen des Offroad-Fahrens beschrieben, auf die man treffen kann und Gefahren erklärt, sowie die Lösung/Herangehensweise beim Fahren beschrieben. Gewürzt wird das Ganze dann zwischendurch mit privaten Erlebnissen des Autors, die ich sehr spannend zu lesen finde. Sicherlich gibt es bessere Offroad-Bücher, aber da der Markt sehr überschaubar ist, kann ich es trotzdem weiterempfehlen. Klar sein muss einem, dass das Buch vom US-Markt kommt und manche Hinweise für den Europäer vielleicht etwas seltsam klingen, wenn es ums Jagen oder Waffen geht. Die Kindle-Umsetzung ist leider - wie so oft - mangelhaft. Es fehlen gar halbe Seiten, die Bilder sind an abenteuerlichen Stellen platziert und man merkt einfach, dass man ein gedrucktes Buch so einfach nicht digitalisieren kann, ohne anständige Redaktion: dies lässt aber offensichtlich weg. Schade. Tut mir leid, wenn meine Bewertung das Buch "runterzieht", aber es geht bei Bewertungen auch um die Aufmachung/Form und nicht nur um den Inhalt. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Where was this book when I REALLY needed it? Von Patrick K. Preminger Once upon a time (and for several years) I spent many less-than-happy hours (and sometimes days) slogging from one mud puddle to another in a Land Rover in Tanzania. We didn't have winches or high-lift jacks. I also didn't have the benefit of the expertise Brad's book provides. After swearing off off-roading in general and Land Rovers in particular, I find myself drawn once again to the places you just can't usually get to from here. 4-Wheel Freedom has done more than refresh my memory; it has saved me from my own ignorance and folly as I attempt to outfit and use my "new" 6X6 Pinzgauer. The book is extremely readable, is sensitive to environmental issues, and thoroughly enjoyable. I also find it interesting that a neurosurgical spinal surgeon would find such joy in bone-crunching off-roading...

**Kurzbeschreibung** Whether you're thinking about buying a 4-wheel drive vehicle or are already an experienced 4WDer, there is something in this complete guide for you. Learn how to drive on snow, ice, rocks, mud and hills, plus how to choose and use off-road tires, winches and other specialty gear. Every 4WD owner should own this handy book. **Kurzbeschreibung** Whether you're thinking about buying a 4-wheel drive vehicle or are already an experienced 4WDer, there is something in this complete guide for you.
