**Von Guy P. Harrison : 50 Simple Questions for Every Christian** before purchasing it in order to gage whether or not it would be worth my time, and all praised 50 Simple Questions for Every Christian:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Hmm...Von Sonja B.Der Autor stellt gute Fragen und liefert auch gute Antworten. Er wei, worber er schreibt und auch seine Erfahrungsberichte sind eine Bereicherung. Insgesamt liest sich das Buch sehr flssig, der Schreibstil ist angenehm. Fr Atheisten, die sich jedoch schon etwas mit der Materie befasst haben, liefert das Werk kaum Neues: Theodizee, Trinit, Definition von 'Theorie' im wissenschaftlichen Sinne, Evolution, ...Das fr mich groe Manko ist

allerdings der Entschuldigende Ton, der sich von der Einleitung des Buches an bis zum Schluss durchzieht. Ich habe es schon beim 1. - andere vielleicht erst beim 3. - Mal verstanden: Er will niemandem auf den Schlipps treten. Er hlt Christen oder wie auch immer Glubige nicht fr dmmmer oder sonst wie minderwertiger als den nicht glaubenden Teil der Welt. Man braucht das nicht zu Anfang eines jeden(!) Kapitels und auch mal zwischendrin immer wieder und wieder und wieder breit treten. Fr Einsteiger in die Materie oder Sensiblere Gemter mag das Buch eine Option sein, fr mich war es leider nicht ganz das Richtige.

Kurzbeschreibung Written in a respectful and conversational style, this unique book is designed to promote constructive dialogue and foster mutual understanding between Christians and non-Christians. The author, a skeptic and journalist, asks basic questions about Christian belief. What is the born-again experience? Why would God want to sacrifice his only son for the world? Do miracles really happen? How reliable is the Bible? What is the rapture? Why isn't everyone a Christian? Each question is followed by commentary and analysis that is skeptical and tough but never argumentative or condescending. Christians will find the book useful as a basis for developing their apologetics, while skeptics will welcome Harrison's probing rational analysis of religious claims. From the Trade Paperback edition. Pressestimmen The insight here into a skeptics mind compares to theologian Gregory Boyds Letters from a Skeptic. Both Christians and skeptics will enjoy this book for different reasons. Recommended for Richard Dawkins and Christopher Hitchens fans as well as fans of apologetics such as Timothy Kellers Reason for God. -Library Journal These are some great questions, and those serious about their religion should reasonably ask them at some point. -San Francisco/Sacramento Book A creative, witty, and engaging book.... Although (at least ostensibly) written for Christians, I urge atheists to read 50 Simple Questions. While the questions and answers themselves are entertaining, it is Harrisons approach that is most innovative and important. We skeptics would do well to adopt Harrisons method of encouraging the religious to question their beliefs, since respect, rather than clearly displayed contempt, is far more likely to win hearts and minds. -The American Rationalist Carl Sagan taught us that we make life significant by the courage of our questions and the depth of our answers. Harrison offers fifty such questions for Christians to better know their own religion. A thought-provoking, revealing, and friendly book. Cameron M. Smith, author of The Fact of Evolution A sober, thoughtful, and engaging series of inquiries for us Christians. Answering them or at least responding to whether they are simple or the correct questions is the kind of challenge we should embrace wholeheartedly. Rev. Barry Lynn, author of Piety Politics Kurzbeschreibung Written in a respectful and conversational style, this unique book is designed to promote constructive dialogue and foster mutual understanding between Christians and non-Christians. The author, a skeptic and journalist, asks basic questions about Christian belief. What is the born-again experience? Why would God want to sacrifice his only son for the world? Do miracles really happen? How reliable is the Bible? What is the rapture? Why isn't everyone a Christian? Each question is followed by commentary and analysis that is skeptical and tough but never argumentative or condescending.
