verbs....and now I buy this book and give it to new learners of English when I teach them. Gaining a command of English, or any language, depends first upon your mastery of the verbs as presented in such a book. Sure, no more information is conveyed about the structure of the various forms than could be conveyed with 50 verbs, but it is handy to have the extra verbs defined in a single reference. 1 von 2 Kunden fanden die folgende Rezension hilfreich. A Book Only Useful for ESL Beginners Von Ein Kunde When I bought this book, I was expecting that I could refer to many usages of 501 verbs. However, the content of this book was just presenting various verb forms, like "I, we, you, they forgive", "he, she, it forgives", "I am forgiving" and "we, you, they are forgiving." If you learn English only for a couple of months, you will know these things. So, I am not going to recommend this one to anyone except beginners.
