**Von John J. Nitti, Michael J. Ferreira : 501 Portuguese Verbs (Barron's 501 Portuguese Verbs)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 501 Portuguese Verbs (Barron's 501 Portuguese Verbs):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not worth the money! Every offline and online dictionary is more comprehensiveVon John K.The book really just states 501 verbs and their conjugations for tenses. And 3 sentences per verb to let the reader know how to use it. After I read the positive comments here I was really disappointed when I opened it first. Every offline dictionary is more

comprehensive. Even for the irregular verbs! No need to mention that there are plenty of free online dictionaries which also have a conjugation feature. There are many better books out there which helped me to learn the language within 5 months where "Essential Portuguese Grammar" which is not the newest, but very comprehensive. It will teach you the most important things you need to know. The most superior book was "Sonia's Portuguese Grammar Book". I highly recommend to visit her website. Check out the Verbs -- Conjugations site of her homepage. She states all important things about conjugations on just one site so that it is graspable easily! This book is the book people need to learn (Brazilian) Portuguese. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Required Book for Students of Portuguese Von Ein Kunde This book is probably the most valuable reference that a student of Portuguese can have. Whether going to Brasil, Portugal, or any of the Portuguese speaking African countries, this book should go with you. Learning a language that contains nearly twenty tenses and almost a hundred personal endings per verb is very hard. That's the reason why 501 Portuguese Verbs is so useful. It's well organized and has all of the everyday verbs that students need to communicate. If you're thinking about learning Portuguese and need a book as reference, then this is the book to buy. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent verb reference Von Ein Kunde A large number of fully conjugated Portuguese verbs. Most useful though is the examples of usage at the bottom of each page. One note to remember - this is Portugal Portuguese and not Brazilian Portuguese. Brazilian Portuguese students will still find the book useful, but remember to ignore the "tu" tense and remember that the imperative is different in Brazilian Portuguese.

Kurzbeschreibung Here is an ideal supplement to classroom textbooks for students learning Portuguese. The most frequently-used Portuguese verbs are presented alphabetically in table form, one verb per page. Each verb is completely conjugated in all tenses with English translations. A new index in this edition lists an additional 1,000 verbs with English translations, cross-referenced to verbs that are similarly conjugated in the main text. Language students will find additional material covering idiomatic verb usage, grammatical construction, and more.
