useful Von Kindle-Kunde Very to the point, offers this booklet lots of practicable tips. Especially helpful is the information where you find free language courses in the internet. A few points, however, go over the top: so I don't need 10 reasons why I want to learn a new language I will do it if it is strong enough, like I've always wanted to learn ... and now I've got the time for it or I've always dreamt of travelling to ... And, please, Alex, there is no cheating, anything goes, if it helps.

Kurzbeschreibung Learning a language is now more popular and more accessible than ever before. There are thousands of sites on the Internet that promise to take you from monoglot to polyglot, yet there are still difficulties that most of us face. If you are struggling with grammar or can't remember the vocabulary or simply if you want to make the most of your reading time, this book compiles 61 tried and tested tips to keep you on track!
