KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. It's a great read!Von Ein KundeI lent this book to a non-Catholic neighbor of mine and she is extremely serious about

homeschooling now, thanks to this book (and she is only half way through). I think that it is by far the best Catholic homeschooling book out there, if for no other reason than the fact that it is a collection of so many people and gives the reader a taste of everything.

Kurzbeschreibung Numerous homeschool parents contributed essays, ideas and resources in this wonderful Catholic homeschool collection. They share their real life experiences on what has made homeschooling a successful educational experience for their children. The resource guides are extensive and provide the home educator with a wealth of information.
