Von Brian Epstein : A Cellarful of Noise before purchasing it in order to gage whether or not it would be worth my time, and all praised A Cellarful of Noise:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A great snapshot in timeVon Ein KundeBrian Epstein, by writing this book in the middle of the Beatles phenomenon, provides us with a great snapshot in time - a time unlike any other before or perhaps since. Without being conceited (in fact, he reveals in his own words many of his own faults) he provides a fascinating insight into what was probably one of the great judges of pop music talent of the last 30 years. Reading this now, knowing how Brian's life was to turn out, leads

one to wonder just what might have been. His style of writing, more conversational and "simpler" than one might have gathered from his outward appearance, makes this an easy and entertaining read and a must for Beatle fans.0 von 0 Kunden fanden die folgende Rezension hilfreich. A beautifully written account of the early days.Von Candy LeonardA well-written and informative little book that offers the reader vivid detail - thoughts, feelings, events - about the early days. Epstein was there from Day One, even before Day One, and his story will fascinate any Beatle fan. We also learn about the unique, quiet man who was able to see The Beatles unique qualities. Martin Lewis' intro offers great historical perspective. A must for any Fab Four Fan.0 von 0 Kunden fanden die folgende Rezension hilfreich. An honest story from a very underrated manVon Jessica ClevelandThis book is a must for all Beatle fans. Brian is honest and sincere and really shows how much he loved "the boys". He provides background information of his life, but not so much that bores you. Although it was written in 1964 Brian provides an outlook that holds true in the 1990s. He is honest and admits his and the Beatles faults. Truly a must have for Beatle fans.

KurzbeschreibungThis is Brian Epstein's own account of his extraordinary life and, inevitably, it is the story of the Beatles, the greatest pop group of the twentieth-century. What was the secret of Brian Epstein's management of the Beatles, how did he guide a group from Liverpool to shake the world of popular music? Within two years of making their first record they were the biggest group in the world, how Brian Epstein achieved this is in this book. He frankly acknowledges his mistakes and weaknesses while identifying those factors that led to his achievements. Also included in the book are 33 photographs from Robert Freeman that provide revealing glimpses of the Beatles on their way to phenomenal success.KurzbeschreibungThis is Brian Epstein's own account of his extraordinary life and, inevitably, it is the story of the Beatles, the greatest pop group of the twentieth-century.
