Von Craig S. Keener : A Commentary on the Gospel of Matthew before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Commentary on the Gospel of Matthew:

Kundenrezensionen Hilfreichste Kundenrezensionen 4 von 4 Kunden fanden die folgende Rezension hilfreich. Excellent. Von Paul Whiting This work must stand alongside that of the three volume work of W. D. Davies and Dale Allison in the International Critical Commentary as one of the best works on the first Gospel around. Keener's work is similar in size and scope to that of another Evangelical scholar Robert Gundry, who published a commentary on Matthew a number of years back. However, Keener is more conservative than Gundry in many respects, especially on the historicity of Matthew. And, unlike Gundry, he brings an amazing amount of knowledge about the milieu and literature of the first century to bear upon this work in helping his readers to understand and appreciate this gospel -

especially its literary and theological dimensions, and the social worlds that are presupposed and reflected in its story. Added to this are numerous excursions and notes on many themes interspersed throughout, providing more detail of a point made or defense of a position adopted. At times Keener has a penchant for being idiosyncratic and unusual in his views (although he argues them all very well). Holding views, in other words, that are neither characteristic of liberal or conservative commentators (of course, without people challenging the commonly held views on either side of the divide, scholarship would never progress!) So, if you want a detailed commentary that does not merely repeat what others have said, but makes an original and (often) compelling contribution to Matthean studies, this commentary is definitely a work that you will want to consult in my view. In terms of its relation to other works: it is not a popular level exposition (like his small volume in the IVP New Testament Commentary series), nor is it a work leaving no stone unturned, of use only to the trained student or scholar (like the ICC volumes mentioned above), but it is a work that will serve the needs of readers and students alike, looking for detail but not looking to be overwhelmed by it. In this respect alone, it makes up for a glaring need on Matthew in a flooded commentary market. As a primary commentary, it constitutes an ideal investment for the person looking for balanced, detailed, thought-provoking exegesis.

Von Rick Aguirre Says professor Ben Witherington III of this work, "I can think of no commentary I would rather recommend to pastors, teachers, students, and laypersons if they are looking for fresh light on the first gospel."-(As found on the backcover). Witherington is correct. Professor of New Testament at Eastern Seminary-Craig Keener shows us his magnificent fruit of his work in this massive work on the gospel of Matthew. Written from a conservative stance and completely up to date this work is invaluable. I highly recommend it. The one small drawback is that Keener hardly deals with the text-critical questions. Focusing more on narrative and theology. Thus, if you can overlook this glitch purchase this work. Rick. E Aguirre. Southern California USA (Aguirre100@aol.com) (For any interested, I host a theological discussion board, for more info e-mail me)

Kurzbeschreibung For greater understanding of the life of Christ, here's the resource you're looking for. Keener analyzes Matthew's social-historical context, illuminating his unique perspective as an eastern Mediterranean Jewish believer. Specific issues raised in Matthew's Gospel provide a clearer understanding of the lessons the gospel writer sought to teach his first-century Jewish audience.

Pressestimmen Association of Theological Booksellers, "Theologos Award for Best Academic Books" (2007) Academy of Parish Clergy, "Reference Book of the Year" (2008) Donald A. Hagner Fuller Theological Seminary "R. T. France, long recognized as a Matthean scholar par excellence, now presents a crowning achievement in this superb full-length commentary. With the firm hand of a seasoned scholar, France offers a lively, insightful commentary marked above all by solid, no-nonsense exegesis. This is vintage France, and every student of Matthew will find great rewards here. I recommend this volume with the highest enthusiasm." "Expository Times" "This commentary will be of great benefit to scholars and exegetical preachers alike. Close analysis and sensible comments are the hallmarks of this book, and it will now stand appropriately alongside other recent major treatments of Matthew . . . while making its own significant contribution. This is a responsible, scholarly, and illuminating contribution to the study and interpretation of Matthew's gospel."
