Von Geoffrey Leech, Jan Svartvik : A Communicative Grammar of English before purchasing it in order to gage whether or not it would be worth my time, and all praised A Communicative Grammar of English:

KundenrezensionenHilfreichste Kundenrezensionen10 von 11 Kunden fanden die folgende Rezension hilfreich. If the 2nd Ed. is as Good as the First ...Von Ein KundeG. Leech and J. Svartvik wrote the first edition of this book, released in 1975. I used it as a University text in the late 1980s, and it sits prominent amongst my references in my office. Though the book is designed for advanced ESL students (at the University level), I am a native speaker of the language, and find the approach taken unique, but of greater value than many other style manuals. I refer to it before going to the Chicago Manual of Style or the MLA Style Manual.The authors look at the USES of grammar rather than the STRUCTURE of grammar. This is very useful for writers (like myself), teachers of ESL, advanced students of ESL, or those who need to learn how to communicate better (Engineers).1 von 15 Kunden fanden die folgende Rezension hilfreich. Excellent!Von Ein KundeA great one

KurzbeschreibungA Communicative Grammar of English has long been established as a grammar innovative in

approach, reliable in coverage, and clear in its explanations. This fully revised and redesigned third edition provides up-to-date and accessible help to teachers, advanced learners and undergraduate students of English. Part One looks at the way English grammar varies in different types of English, such as formal and informal, spoken and written; Part Two focuses on the uses of grammar rather than on grammatical structure and Part Three provides a handy alphabetically arranged guide to English grammar. A new workbook, The Communicative Grammar of English Workbook also accompanies this edition. Pressestimmen "Because of its comprehensiveness and conciseness, this book cannot be ignored by anyone either learning or teaching English."
