KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice variation of the familiar storyVon Helpful AdviceA Fair Race created by Pooja Sardana is an adaption of known Aesop's fable but with an original twist that is providing a worthy lesson for children.Like in original Aesop's story The Tortoise and the Hare the two main characters are the tortoise (named Philo) and the hare (named Bouncy) which are racing. Of course, Bouncy the hare is much faster but because of his over confidence he will take some time to sleep, In original story tortoise took the offered and won the race, but in this one Philo the tortoise was fair and he woke up Bouncy not wanting to win unfairly.When awaken and finding out what happened, Bouncy was so impressed with tortoise fair behavior that he declared him as winner.By changing original and known story, Pooja Sardana emphasized important lesson for kids though one may on short run achieve something with being unfair, on the long run being fair to others will make you liked and youll be able to make lot of friends.Pooja Sardana created a nice variation of the familiar story and together with cute illustrations found within this e-book this is work which can be recommended.I was given a copy of this book by the author for the purpose of unbiased review, while all the presented information is based on my impressions.
