The Best Book on Grief Loss that I've read so far.Von Ein KundeSince loosing my daughter,husband,mother and unborn grandchild within an 11 month period I have been searching for answers of so many questions. While this author didn't always have the answers, it was a great comfort to me to see that he had most of those same questions, and was trying to work through them from a Christian perspective. At no time did he try to minimise the pain, but yet was able to experience even some joy, and to come to a peace, and strength to carry on and not stay embittered for the rest of his life.He went through all this before me so this gives me hope to come through it with a stronger reliance on the grace of God, regardless of the terrible events that happened.It helps to know that someone has survived and grown stronger.

Thank you for a wonderful book that gives help and hope. 1 von 1 Kunden fanden die folgende Rezension hilfreich. One of, if not THE most, profound book I have ever read. Von Ein Kunde A Grace Disguised is a true story about enormous loss, how one man is grappling with it and the wisdom he has gained through it. While driving with his family on a dark road one night in North Dakota, the author and his family were in a head-on collision with a drunk driver. Gerald Sittser stood by helplessly as he watched his mother, his wife and his four-year-old daughter die. At the same time his two-year-old son was seriously injured, and his other two daughters were coping with the shock of what had happened. Sittser eloquently and openly shares his enormous loss as well as his journey and growth through the overwhelming devastation of his life. An associate professor of religion at Whittier College in Spokane, Washington, Sittser brings his Biblical world view to what happened to him and his family. A Grace Disguised -- How to Grow the Soul Through Loss -- opens up many eternal mysteries about suffering. A must read for ANY and EVERYone. 1 von 1 Kunden fanden die folgende Rezension hilfreich. My devotional Von Linda Larson I was on the edge of my seat when reading . You'll need your highlighter ,so you can go back and digest the profound statements that need to sink in . The past 2 yrs. of my life have been turned upside , down . My daughter of 10 yrs. was thought to have bone cancer ( had 2 surgeries to remove what was an infection ). My husband fell off the top of 25 ft . roof ( 4 days after daughter's surgery ). He was thought to be brain damaged , and worked to save his leg . Three ms. after my husband walked from the wheelchair , my father came to live with us and diagnosis with blood cancer . I tried to make sense of these losses. " A Disguised Grace " said what I couldn't even grapple. This book became like my devotional .....encouraged me , and gives hope that am being covered in Grace ! Am buying a supply to have on hand for a gift to those who are in loss.

Kurzbeschreibung An expanded edition of this classic book on grief and loss with a new preface and epilogue. Loss came suddenly for Jerry Sittser. In an instant, a tragic car accident claimed three generations of his family: his mother, his wife, and his young daughter. While most of us will not experience such a catastrophic loss in our lifetime, all of us will taste it. And we can, if we choose, know as well the grace that transforms it. A Grace Disguised plumbs the depths of sorrow, whether due to illness, divorce, or the loss of someone we love. The circumstances are not important; what we do with those circumstances is. In coming to the end of ourselves, we can come to the beginning of a new life one marked by spiritual depth, joy, compassion, and a deeper appreciation of simple blessings.
