**Von Desiree Trattles : A Harrowing Journey: Sailing into danger (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Harrowing Journey: Sailing into danger (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A Harrowing Journey into danger gut geschrieben und sehr spannend zu lesenVon Mathias SchlagerA Harrowing Journey Sailing into danger ist sehr gut und wortreich und absolut spannend geschrieben.Einmal angefangen, kann

man das Buch kaum mehr weglegen, der Spannungsbogen zieht sich über den gesamten Inhalt. Ich bin einer dieser Segler, die im Buch auf der Fahrt von Thailand in das Mittelmeer beschrieben werden und habe Desiree Trattles schon während unserer gemeinsamen Reise dafür bewundert, dass sie 7 Sprachen in Wort und Schrift spricht und daneben mit 4 weiteren Sprachen gut umgehen kann. Dies brachte ihr die Möglichkeit in den unterschiedlichsten Harrowing Journey Regionen ihrer Reise die Lebensumstände und die Geschichte der besuchten Länder gut und genau zu hinterfragen. Ich wünsche Desiree Trattles viel Erfolg für dieses außergewöhnliche Buch. Mathias Schlager, Salzburg Austria

**Kurzbeschreibung** A gripping real-life story of when an adventure goes wrong! Circumstances are rapidly spiraling out of control for ordinary retired couple Desiree and Chris Trattles. What started out as a sailing dream has landed them in the middle of a pirate infested ocean, desperately trying to stay one step ahead of disaster. Four Americans have just been murdered by the pirates; another yacht captured and dragged to Somalia. Are they next? The story opens with a dark night in the Indian Ocean. Desiree is alone and frightened, on watch, while Chris sleeps below. Suddenly, she is caught in the spotlight of a rapidly approaching vessel, searching for her . . . How did they end up in this mess? The story doubles back to the beginning of their adventure and follows the path that leads them to making the decision that puts them in the way of danger. What follows is a compelling tale of a passage that draws them deeper and further from their comfort zone than they could ever have imagined.

über den Autor und weitere Mitwirkende: Desiree Trattles was born in Sweden. At five years of age, she moved with her family to Calcutta, India. She attended boarding school in the Himalayas, studied art in Brazil, and economics in Sweden. In her adult life she was a tour guide in Ibiza, Sri Lanka, and the Canary Islands, painted catamarans on a beach in the Caribbean, delivered sailboats up and down the East Coast of the U.S, etc. In her mid-thirties, she and husband Chris moved to New Zealand. They lived in Paraparaumu and after going back to University to take an Accountancy Degree, Desiree worked in Wellington as a chartered accountant for one of the Big Five firms. Sailing has always been Desiree's great passion and in 2007, she and her husband left New Zealand to follow their dreams and sail the world in their small yacht, Skylark II. They are still living on their boat, currently in Sicily.
