Von Mayumi Yamada-Shimotai : A Japanese Vagabond: Bicycling 35,000 km Around Four Continents 19861989 Part 1 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Japanese Vagabond: Bicycling 35,000 km Around Four Continents 19861989 Part 1 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. More, much more than expected! Von TrishI expected to get a good description of the various countries but there was so much more!!! It is not only a travel book but. . .+ it gives you an insight into Japanese culture and traditions from the writer's perspective+ it is a biography - a very honest and sincere glimpse into the writer's soul, she doesn't spare herself anything!+ while travelling you can become witness of her self development - which I found very brave+ she was so close to the people of the different countries, it was interesting to see the countries through her eyes+ sometimes it was like a thriller because it was so exciting+ I thought it was also a very philosophical book which makes you think about your role in the world and mankind's role and duty to care for the world we live inI TOTALLY RECOMMEND THE BOOK - you get more than 900 pages of wonderful reading!

KurzbeschreibungIn 1986, Mayumi left Japan with a bicycle to flee from constraints of life as a Japanese girl. Without a plan nor travelling experiences, she kept pedalling around the globe during the final epoch of the Cold War for about 35,000 kilometres, facing various kinds of difficulties and taking advantage of peoples goodwill. This is the travel story of about the first half of her drifting passage, from Japan up to the last stop in South America Brazil in which there are clues to interpret the enigma of Japan and Japanese as well as a cross section of Latin America in the Cold War era.KurzbeschreibungIn 1986, Mayumi left Japan with a bicycle to flee from constraints of life as a Japanese girl.
