Von Bernice McCarthy, Dennis McCarthy : About Teaching Companion (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised About Teaching Companion (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Some informations are extremly useful, but...Von SPIf you are a teacher from the US it may be a very useful book. Otherwise you will find some extremly useful information between parts of minor value. There are examples how you can integrate it into daily school life which focus on the school-system of the us, if you read between the lines you can adapt it to your system. All in all the book is okay.

KurzbeschreibungIn an age of accountability, teachers must do everything at their disposal to support student success and instill creativity into learning. The About Teaching Companion helps advance the principles and practice of 4MAT in any educational setting. It gives teachers and instructional designers a variety of tools and templates for

improving the quality and consistency of instruction. It offers in-depth and practical strategies for using 4MAT throughout the entire educational system.
