**Von James Boyce : Abstract of Systematic Theology (Brighton Christian Classic Series Book 8) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Abstract of

Systematic Theology (Brighton Christian Classic Series Book 8) (English Edition):

Kurzbeschreibung Abstract of Systematic Theology contains essays ranging in topic from the doctrines of God, the Trinity, and humanity, to creation, providence, and justification. Boyce also wrote extensively on the issues of election, atonement, and the immortality of the soul. His theology was heavily influenced by Charles Hodge, and he used Hodge's Systematic Theology text at the Southern Baptist Seminary. The essays found in Abstract of Systematic Theology were originally intended to supplement the content of Boyce's systematic theology classes at the seminary from 1859-1888. Boyce compiled and completed Abstract of Systematic Theology in 1887.

ber den Autor und weitere Mitwirkende Boyce was educated at Brown University under Francis Wayland, whose evangelical sermons contributed to Boyce's conversion, and at Princeton Theological Seminary under Charles Hodge who led Boyce to appreciate Calvinistic theology. Boyce became a pastor, then a university professor, and finally the founder and first president of the Southern Baptist Theological Seminary, where he taught theology from 1859 until his death in 1888. Throughout his ministry Boyce insisted on the importance of theological education for all ministers. In a preface, he described his Abstract of Systematic Theology, published the year before his death, as follows: "This volume is published the rather as a practical text book, for the study of the system of doctrine taught in the Word of God, than as a contribution to theological science."
