KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. gut zu habenVon juan ferrerEs ist perfekt, wenn man nicht weiss wie etwas funktioniert, findet man es hier sehr schnell.Ich finde das Papierbuch viel zu gross, aber wenn man das Buch kauft kann man auch die pdf usw digitale formate herunterladen und kann das Buch in der Regal bleiben. Wunderbar, so kann man viel schneller etwas finden, und

besser arbeiten.0 von 0 Kunden fanden die folgende Rezension hilfreich. good book, many informationVon Georg KlegerThis is certainly good book with many useful information but I can not enjoy reading this. Another problem it answers many questions but not mine about the program. I noticed there is more easy end enjoyable to watch Lightroom lessons at YOUTUBE then to read 500 pages book.

KurzbeschreibungWhen you have a Lightroom question, where do you look? Do you trawl through thousands of web pages looking for the information you need? Perhaps post on a forum and wait for hours for anyone to reply? Maybe try to gure out the Help les? From now on, you look right here!This is the reference book that should have shipped with Lightroom.Adobe Lightroom 4 - The Missing FAQ is a compilation of the most frequently asked questions, presented in question and answer format so that you can easily find the answers you're looking for. Whether you're a new user who likes to dive straight into new software and figure it out as you go along, a more experienced user wanting to learn how to get the best out of Lightroom, or you've just got a burning question you'd like answered, this book is for you. These are real-world answers to real questions asked by real Lightroom users. It not only covers how to do things, but also why they work the way they do.Lightroom may have a mind of its own... but now you can learn how it thinks. There's a story behind this book... and a FREE bonus! The Adobe Lightroom - The Missing FAQ series were originally intended to be searchable eBooks, however once the books were released to the public, a demand arose for a paperback version too. While some books have a PDF supplement, this book is the other way round - the color PDF eBook is designed to be the primary book, and this black white paperback is the supplement.Anyone purchasing the paperback version is invited to contact the author via her website to download the main PDF version and 2 other digital formats absolutely FREE - just send the code from inside the book, plus your order confirmation.

I'm an Adobe Community Professional and Certified Expert, but more importantly, I'm a real user, just like you. You probably recognize my name from one of the many Lightroom or other photographic forums I frequent. I love spending time helping Lightroom users get the best out of the software! In fact, that's where this book started - certain questions come up repeatedly on the forums, and none of the available books seem to answer them - or if they do, you have to read the entire book to find the answer. I wanted to be able to recommend an easy reference book - one that you can pick up and skip straight to the answer you're looking for - but there wasn't one. Instead, I sat down and compiled a list of questions directly from the forums, and wrote jargon-free answers as if I was answering a user on the forums. This is the information you actually want to know, in an easy reference format. It's as simple as that!
