moral statements. They are often brought together and told to children to learn for the future. This is a collection by Aesop who probably lived in 620 to 560 BC. The manuscripts were handed down from generation to generation and include lessons like: "Beware the wolf in sheep's clothing.", "Slow and steady wins the race.", and the most famous lesson "Never trust a flatterer." A great read and for me absolutely a recommendation for young and older people equally. I think children should at least read: -The Wolf in Sheep's Clothing- The hare and the tortoise- Fox and the Crow Kind regards, yours truly Butterfly0 von 0 Kunden fanden die folgende Rezension hilfreich. The old stories are the best stories Von Lorcan Flynn This is not necessarily true because I know lots of good new stories. However, some old stories are so much part of our lives that it is refreshing to discover their source. Reading Aesop's Fables is like visiting old friends. It is usually nice, sometimes you may be disappointed but it is always worth the effort. As a story teller, I can only recommend that you read them and pass them on.

Sicheres ber die Person Aesop ist nicht bekannt. Es wird vermutet, dass er ein griechischer Sklave war. Er gilt als Begrnder der Fabeldichtung. Seine volkstmlichen Fabeln wurden zunchst mndlich berliefert und erst Jahrhunderte spter aufgezeichnet. Unter "Aesop'schen Fabeln" versteht man heute eine bestimmte Art der Erzhlung ber Wahrheitslehren oder moralische Inhalte.
