Salvation for the lostVon Chris JurgensonUpon reading the first two chapters of this book I began to think that it was merely an introduction to Christianity with a simple gospel message, but as I read further it became apparent that this book is a wonderful wellspring of encouragement and truth for any believer, regardless of their walk with the Lord.

Ch. 5 is especially powerful with the Grace of Jesus Christ giving us the power over all sin through faith that God can actually give us a new heart and a new spirit. Though this is impossible of our own devices, it is entirely possible through God, and through Him alone. It brings to light that though the Gospel message is not so complicated no person can understand its importance or meaning (else Christ's work on the cross would be for naught), the Gospel goes beyond the simple lay-person preaching that is so common today which is done in the name of supposedly "reaching everyone". Such preaching does not bring the lost to God, but rather gives them a false impression of what salvation is, and can lead to a desire for Christ for selfish gain rather than a desire to repent and pursue true Holiness. I highly recommend this book on the basis of the life-changing message which it promotes, and the resulting power of God from which such a change is instigated. 2 von 2 Kunden fanden die folgende Rezension hilfreich.
