Von Stan Brock : All the Cowboys Were Indians (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised All the Cowboys Were Indians (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. All The Cowboys were Indians Von tonne Having lived for a while in that part of the world, I can only agree with the Author. The book brought many memories of a rough but exciting life.

Kurzbeschreibung In this exciting narrative, author Stan Brock tells the fascinating origin of Remote Area Medical,

and of his life on the savannas and in the rain forest of South America. In this book you will learn about ranch life on the Dadanawa, one of the worlds largest working cattle ranches. Youll read how Brock went from an English school boy to vaquero and ranch manager. Youll learn of the beginnings of Remote Area Medical, an international, non-profit, volunteer, airborne medical relief corps that serves the remote areas of the United States and the world. Brocks humorous, heartwarming and sometimes heartbreaking stories of his personal experiences with the Wapishana and Wai-Wai Indians form a fascinating and accurate history of a bygone place and time when all the cowboys were Indians.
