**Von Andrew P. Sykes : Along The Med on a Bike Called Reggie (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Along The Med on a Bike Called Reggie (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A must for touring cyclists who like to learn about the countries along the MedVon Alex LengweilerI like the witty style with

which Andrew P. Sykes narrated his journey starting at Cape Sounio in Greece and ending at Cape St. Vincent in Portugal. Besides the realistic description of the joys and pains of touring on a bicycle he is a master of observing and commenting the curiosities along the way.

Kurzbeschreibung One continent, 6000 kilometres, ten countries, nine weeks, four pannier bags, one man, no detailed plan... and a bike called Reggie. Secondary school teacher Andrew Sykes moves out of the classroom, climbs onto his bicycle and sets off along the route of the EuroVelo 8, from the southern tip of Greece to the Atlantic coast of Portugal. However, this is more than just a cycling tale of border crossings and big hills, as our would-be adventurer perspires his way through a hot and sticky mix of Mediterranean landscapes, life and culture. Join Andrew as he travels Along The Med on a Bike Called Reggie: an inspirational and light-hearted travelogue for cyclists and non-cyclists alike. Andrew Sykes has a great writing style. I found his writing made me want to keep turning the pages. His self-deprecating approach and dry, delightful wit are a joy. Sykes has an endearing, almost vulnerable quality: his observations are very witty. The author writes with warmth and wit, and does an excellent job of capturing every emotion and every landscape.
