KurzbeschreibungHaunted by voices.Driven by fear.A young girl's painful journey to find peace.Amber Lee thinks she

is haunted. Approaching her 10th birthday, she and her mom have moved again. But she is sure they have been followed - by The Voice. It stalks her wherever she goes, and is causing her to do bad things now. Could the voice belong to an evil spirit? Or is it just her imagination? Kurzbeschreibung Haunted by voices. Driven by fear.
