American Indian Women-Telling Their Lives Von Ein Kunde This book is full of moving and eye opening stories.

Many American Indian Women share their lives in these breath taking journeys. Learn the ways and customs of the Women while hearing of their brave and trying tales.

Kurzbeschreibung Indian women's autobiographies have been slighted because of the assumption that women had a secondary and insignificant role in Indian society. Gretchen M. Bataille and Kathleen Mullen Sands cogently demonstrate in this book the creative vitality of autobiographies that, despite differences in style and purpose, clarify the centrality of women in American Indian cultures. Included is a comprehensive, annotated bibliography of works by and about American Indian women.
