Von Katherine McIntyre : An Airship Named Desire (Take to the Skies Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised An Airship Named Desire (Take to the Skies Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice

StorryVon SinariThe plot was nice. With a little different and not such an abrupt ending it might have had the option for a sequel.I missed some more character explaining, more than her/his long brown/blond/black hair and lithe build which repeats itself too often.In the end I skipped over all the fighting details. Too much detail there, in my opinion not interesting.If those text passages would have been left out and on other places filled with some fantasy background history of the war gone wrong (how old Germany came to be divided in this version of the world in this timeline and such) and character building I think I would like it more.When I got it, it was free for Kindle. Otherwise I would not really buy it.

KurzbeschreibungAirships, sky-pirates, smugglers, and soldiers...An Airship Named Desire will take you for a thrilling ride.Ever since their last botched smuggling job, First Mate Bea and the crew of her airship can barely afford fuel, let alone a barrel of grog. So when a gentleman from Old Germany offers them a fortune to steal a locked box from a British merchant airship, they jump on the opportunity. However, their employer forgot to mention the box's military escort and the Morlock mercenaries who would slit throats to get their hands on it. Oh, and if made public, the contents could engulf Europe in another devastating war.Stealing the box was the easy part. Now, with a target on their back and some of the toughest characters in the skies after them, if the crew of the Desire doesn't polish their pistols and prepare for a hell of a fight, they'll end up worse than grounded. After all, everyone from the Brits to the Morlocks will kill for the contents of that box, and no one survives an airship crash.KurzbeschreibungAirships, sky-pirates, smugglers, and soldiers...An Airship Named Desire will take you for a thrilling ride.Ever since their last botched smuggling job, First Mate Bea and the crew of her airship can barely afford fuel, let alone a barrel of grog. After all, everyone from the Brits to the Morlocks will kill for the contents of that box, and no one survives an airship crash.ber den Autor und weitere MitwirkendeA modern day Renaissance-woman, Katherine McIntyre has learned soapmaking, beer brewing, tea blending, and most recently roasting coffee. Most of which make sure she's hydrated and bathed while she spends the rest of her time writing. With a desire to travel and more imagination than she knows what to do with, all the stories jumping around in her head led to the logical route of jotting them down on paper. She writes novels with take-charge women, ragtag crews, and emotionally savvy men. High chances for a passionate speech thrown into the mix.
