**Von Lois Lowry : Anastasia Krupnik** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anastasia Krupnik:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Anastasia opened her green notebook.....Von Jody HargreavesIn my opinion the 'Anastasia' series should be a treasured possession in any book collection. I read 'Anastasia Krupnik' and 'Anastasia Again!' for the first time when I was 9, and have re-read them again and again. I liked them so much that I purchased copies for my own collection. Since then I have read as many Lois Lowry books as I could get my hands on, including the rest of the 'Anastasia'

series. Anastasia Krupnik is a ten-year old girl with a lot on her plate, like falling in love, moving out on her own, converting religions and getting an unnecessary baby brother. It seems as though Frank, her goldfish, and her secret notebook (in which Anastasia stores her most private thoughts) are her only friends, what can Anastasia do! This book, although a little different, is a wonderful story for kids around the world.0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful book that opens the door to the entire seriesVon Ein KundeAll of the Anastasia books are great! They are true to life, yet let you know that not all "good Ideas" work out as planned. I highly recommend the entire Anastasia series to any child. These books are sure to get anyone, old or young, excited about reading! I have always loved these books and at 24 years of age still occasionally check them out at the library!Lois Lowry has a definite flair for writing and even the most trivial happenings come off as interesting. In the Anastasia series she covers many common "kid" type problems, such as moving, birth of a sibling, boyfriends,phone solicitors,first job, embarassement, etc0 von 0 Kunden fanden die folgende Rezension hilfreich. This is a really funny book about a 10-year-old girl.Von Ein KundeAnastasia Krupnik is one of my favorite books! She is really funny, and she likes to write lists in her green notebook. She has a fish named Frank and a professor dad and artist mom. She finds out that she is getting a new brother- in other words, her mother is pregnant! Anastasia is very mad! How could her parents do such a thing? Well, anyway, Anastasia also gets in more funny adventures. Like when she falls in love with Washburn Cummings, the 6th grader with 2 last names. And the time she tries to be Catholic but decides not to when she finds out she has to confess things, even small one like stealing cupcakes...this book is great! READ IT NOW!!!

KurzbeschreibungAnastasia's tenth year has some good things, like falling in love and really getting to know her grandmother, and some bad things, like finding out about an impending baby brother.
