Von Elie Wiesel : And the Sea Is Never Full: Memoirs, 1969- before purchasing it in order to gage whether or not it would be worth my time, and all praised And the Sea Is Never Full: Memoirs, 1969-:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An Inspirational Man, An Important BookVon Hawkeye12204Easily one of the best autobiographies of the last half of the century (when coupled with Volume One). It is almost hard to believe that a man with such vision, such drive, such intelligence could have written almost an understated autobiography which reads as easily as any novel on your

summer reading list. I strongly recommend that anyone who wants to learn and be inspired by one man's drive to remember and honor (and ensure that no one else forgets), read both volumes of this elegant autobiography. Wiesel's life, his philosophy, his stories are enough to inspire us all. He adds a human perspective, a moral dimension, and at times a behind-the-scenes glance into the world of international politics. However unlike self-serving politicians his voice pleads for the preservation of memory, and acts as an advocate for victims everywhere. A truly enthralling must read. Von Midwest Book Review Elie Wiesel's *And The Sea Is Never Full* provides the concluding volume of memoirs, relating his meetings with world leaders, his travels, and his diplomatic adventures. Familiarity with Wiesel's importance and his prior memoirs will lend a special appreciation for this concluding volume.

Kurzbeschreibung As this concluding volume of his moving and revealing memoirs begins, Elie Wiesel is forty years old, a writer of international repute. Determined to speak out more actively for both Holocaust survivors and the disenfranchised everywhere, he sets himself a challenge: "I will become militant. I will teach, share, bear witness. I will reveal and try to mitigate the victims' solitude." He makes words his weapon, and in these pages we relive with him his unstinting battles. We see him meet with world leaders and travel to regions ruled by war, dictatorship, racism, and exclusion in order to engage the most pressing issues of the day. We see him in the Soviet Union defending persecuted Jews and dissidents; in South Africa battling apartheid and supporting Mandela's ascension; in Cambodia and in Bosnia, calling on the world to face the atrocities; in refugee camps in Albania and Macedonia as an emissary for President Clinton. He chastises Ronald Reagan for his visit to the German military cemetery at Bitburg. He supports Lech Walesa but challenges some of his views. He confronts Francois Mitterrand over the misrepresentation of his activities in Vichy France. He does battle with Holocaust deniers. He joins tens of thousands of young Austrians demonstrating against re nascent fascism in their country. He receives the Nobel Peace Prize. Through it all, Wiesel remains deeply involved with his beloved Israel, its leaders and its people, and laments its internal conflicts. He recounts the behind-the-scenes events that led to the establishment of the Holocaust Museum in Washington, D.C. He shares the feelings evoked by his return to Auschwitz, by his recollections of Yitzhak Rabin, and by his memories of his own vanished family. This is the magnificent finale of a historic memoir. From the Trade Paperback edition. **de** *And the Sea is Never Full* is Elie Wiesel's memoir of the period between 1969 and the present. Wiesel, an esteemed writer (*Night* is among the greatest memoirs of the Holocaust) and political activist, begins the book remembering a challenge given to himself at age 40: "I will become militant. I will teach, share, bear witness. I will reveal and try to mitigate the victims' solitude." He defends dissidents in the Soviet Union; draws attention to the atrocities of Cambodia and Bosnia and fights apartheid in South Africa. He attacks Holocaust deniers, stands with Lech Walesa in Poland, visits Albania as a representative of President Clinton and wins the Nobel Peace Prize. Wiesel's tragic boyhood compelled him to work very hard to love the world. He has learned to do so and this memoir, like all of his best writing, teaches its reader to love the world while looking directly at its greatest terrors. --Michael Joseph Gross. **co.uk** *And the Sea is Never Full* is Elie Wiesel's memoir of the period between 1969 and the present.
