KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Terrific!!! A must have for mothers with young children!Von Ein KundeWhether you're a stay at home mom or a mom who works outside the home, you will see yourself in this book. Right away in chapter two I practically said out loud "Hey, that's _me_ she's writing about!" Then Susan offers practical advice, encouragement, and best of all -- empathy! This book would make a great gift for someone who has kids ages 7 and under! Susan is also sensitive and doesn't make any judgments about moms who choose to stay home and moms who choose to have a career while their kids are little. How refreshing!!0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent bookVon Ein KundeSusan Yates has written about so many of my experiences as a mother of a young child. Her candid and transparent writing provided both practical guidance, as well as encouragement that I was actually not alone in the things I was experiencing. I highly recommend this book to moms of toddlers and preschoolers.0 von 0 Kunden fanden die folgende Rezension hilfreich. Perfect gift for moms!Von CustomerI highly recommend this book to all my friends and have given it as a special "mommy" present. It is so easy to think you are alone in the highs and lows of mommyhood. This book didn't make me feel like a failure as a parent, like so many other parenting books do. Two thumbs up!

KurzbeschreibungSusan Alexander Yates is an author who has truly "been there." When her twin daughters were born, they joined siblings ages two, four, and seven. Through the challenges of raising those five young children, Susan realized the need for an honest, practical book that helps parents through that time of life. This new edition of the best-selling *And Then I Had Kids* contains guidance for dealing with common struggles such as discipline, priorities, and fatigue. Susan is honest about the frustrations of parenting, yet encourages parents through her own experiences. She offers a biblical perspective on family life, inspiring mothers (and fathers!) to create a loving atmosphere, find good role models, and shape a Christian home.KurzbeschreibungSusan Alexander Yates is an author who has truly "been there." Her honesty and encouragement serve as a dose of perspective and helpful direction for mothers everywhere. If you have young children, you need this book! It promises to equip you to do your best in the high calling of motherhood.- Jill Savage, mother of four, author, founder of Hearts at Home Would you like some encouragement and advice from a mom who has -been there-? When the Yates's twin daughters were born, they joined siblings ages two, four, and seven. Drawing from her experience, Susan offers this helpful guide for parents facing the challenges of raising young children. *And Then I Had Kids* will help you handle common struggles such as priorities, discipline, and fatigue. As Susan shares biblical insights and her own humorous stories, you'll be comforted by understanding, refreshed with laughter, and stimulated with ideas to enable this season of life to be one of unique and lasting joy. -Susan's practical insights, kid-tested advice, and easy-to-read style make this one parenting book that really WORKS! Keep one book in your diaper bag, another in your glove compartment, and a whole case of them in the trunk-you'll want to give a copy to every mom and dad you know!- Jodie Berndt, author of *Praying the Scriptures for Your Children* -If you're the mother of young children and are looking for some very honest, practical help with and through this incredible time in your life, and if you're looking for a woman who is serious about integrating thoughtful, biblical wisdom and sensitivity into her role as a mother . . . Susan Yates is the friend you've been looking for.- Rebecca Manley Pippert, author of *A Heart Like His*
