Encouraging yourself to encourage others Von Tero Tenkku This was the first Fisherman Bible Studyguide, I've ever

read. I liked it, mainly because it encourages you, not just to encourage your friends to trust God, but to read Bible. Actually, in order to read the book, you have to have an open Bible beside you. Instead of telling fictional events as an example of pastoral care or counseling, it gives you a chapter in the Bible. And best of all, it doesn't give you ready answers, it lets you find them. and think "How smart I am". Actually I would recommend it to be used in a group to get everything from it. It works well as a starter for a conversation. But nevertheless, it's a great studyguide. It really encourages you.
