Von Andrei Pushkin, Dima Suponau : ENGLISH-CROATIAN Dictionary With Transcriptions (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised ENGLISH-CROATIAN Dictionary With Transcriptions (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. useful but not exactVon B.B.This dictionary is very useful when reading e-books. However, I give 3 stars because the dictionary is not consistent - many of Croatian words are not from the standard language and some words are Serbian. In the English part the phonetic transcription is very valuable for non-native English speakers. Although the IPA phonetic notation is not used, the transcription is rather comprehensible. I would give more stars if the Croatian words would be from standard modern language.

KurzbeschreibungEnglish-Croatian Dictionary With Transcriptions is a great tool for native Croatian speakers who need just a little bit of help when reading English books on their Kindle.This dictionary is much better than other English-Croatian dictionaries that are circulating on the Internet because it can translate different word forms (like readING, translatED etc). Other dictionaries can't translate such words.You can set it as your default Kindle dictionary so that whenever you see a word that you don't understand, you can have Kindle translate it for you in Croatian. Transcription is also provided so you can learn to pronounce the word correctly.KurzbeschreibungEnglish-Croatian Dictionary With Transcriptions is a great tool for native Croatian speakers who need just a little bit of help when reading English books on their Kindle.This dictionary is much better than other English-Croatian dictionaries that are circulating on the Internet because it can translate different word forms (like readING, translatED etc).
