Von Dima Suponau, Andrei Pushkin : English-German Dictionary With Transcriptions (English Edition)
before purchasing it in order to gage whether or not it would be worth my time, and all praised English-German Dictionary With Transcriptions (English Edition):

KurzbeschreibungEnglish-German Dictionary With Transcriptions is a great tool for native German speakers who need just a little bit of help when reading English books on their Kindle.This dictionary is much better than other English-German dictionaries that are circulating on the Internet because it can translate different word forms (like readING, translatED etc). Other dictionaries can't translate such words.You can set it as your default Kindle dictionary so that whenever you see a word that you don't understand, you can have Kindle translate it for you in German.

Transcription is also provided so you can learn to pronounce the word correctly. Kurzbeschreibung English-German Dictionary With Transcriptions is a great tool for native German speakers who need just a little bit of help when reading English books on their Kindle.
