Von Ein Kunde As someone who works privately with students, helping them with admissions essays for college, I highly recommend this book. When students call me in regard to assistance with their essays, I recommend that they first buy this book as a means to get started. The guidelines and essays have helped my clients not only to gather their thoughts, but also to organize and write them into interesting and creative essays. By the

time they come to me for feedback and editing, they are well on the way to getting into the college of their choice.
