And this book is very useful for such students. The essential grammar is explained very clear that is very important, especially for students for whom English is not native (my case). But of course to use this book without additional course or books is not enough. So it's a good reference where you have to look at sometimes. And I recommend to buy some other course for more complete study of Dutch. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Essential Dutch Grammar Von C.H. This is a handy little book that clearly explains the workings of the Dutch language. Having initially learnt German this has shown me the subtle differences in how the language is used. I have used it to improve my day to day Dutch speaking, as my primary goal was to speak the language but in a way that it got me understood. I like the style of this book and it is well written, thank you:-)

Kurzbeschreibung This is the first Dutch grammar specifically designed for the adult with limited learning time whose objective is broader, more fluent everyday communication. Avoiding archaic, highly literary and seldom-used forms, this grammar helps those with some knowledge of Dutch use phrases and vocabulary more effectively. For the beginner, it provides all the grammar really needed for speech and comprehension. Based on the premise that systematic study of grammar is a shortcut to language learning, Essential Dutch Grammar helps you acquire fluency by emphasizing the strong similarities between English and Dutch, and by concentrating on essentials: spelling, word order, articles and nouns, adjectives, adverbs, pronouns, verbs, conjunctions and prepositions--all illustrated by easy-to-understand examples. While explaining how to avoid complicated sentence constructions, tell time and use idioms, the book provides dozens of useful expressions, four detailed appendices on verbs, and a handy glossary of grammatical terms. Whether you're just beginning the study of Dutch or need a handy refresher course, Essential Dutch Grammar offers a modern, streamlined approach that will enable you to master Dutch in the shortest possible time.
