Von Cynthia Ulrich Tobias : Every Child Can Succeed (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Every Child Can Succeed (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. A great book for helping your child reach his potential Von Ein Kunde This book has been such an amazing eye-opener for me. My second son was being considered borderline learning disabled at school even though he was doing his homework

very well at home. After reading this book, I discovered that the WAY he learns is so much different than his older brother and different from the main teaching style in his school. This book gives great ideas for helping your child succeed based on his learning style (individual ideas for each style). My son had convinced himself that he was stupid, but now we have tapped into the way he learns, and he is so excited about learning. I also highly recommend "The Way They Learn" by the same author.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful learning styles! Von Samantha It really makes you think how as a parent this book could of helped me when I was in school. It is going to help with learning the styles with my 5 and 4 year old sons. Thank you, S. Mather

Kurzbeschreibung This enlightening source shows parents how to utilize a learning styles approach to help their kids live up to their potential and find success in life.
