Von Michael Bamberger, Davis Love III : Every Shot I Take: Lessons Learned About Golf, Life and a Father's Love (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Every Shot I Take: Lessons Learned About Golf, Life and a Father's Love (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A warm, personal glimpse into the life of a champion.Von Ein KundeIt is ironic that this book was released mere months before Davis' victory in the 1997 PGA Championship; ironic that to win a major tournament was his lifelong goal and his beloved late father's fervent wish. For those who both read this book and witnessed Davis' victory, one can attest that the emotional ending marked by the enormous double rainbow over the eighteenth green was a fitting postscript to Davis' testimony. This auto-biography is unique in its structure: Davis regales the reader with anecdotes, incidents and life history, interspersed with numerous (and incidentally, very helpful) golf tips. Chapters by his wife and brother/caddie effectively complement his own reflections. Davis Love III has long suffered the impression of being a frowning, intense golfer. This book dispels any such misconceptions and reveals a true gentleman in the arena of professional sports that is far too lacking in positive role models.0 von 0 Kunden fanden die folgende Rezension hilfreich. A great book about a son's love for his father and golf.Von Ein KundeThis is an excellent and moving story about Davis Love's relationship with his father and golf, which are inextricably intertwined, and his need to prove himself worthy by winning a major golf championship...which he has since done. A nice touch in the book are chapters written by those close to him...his brother/caddy, wife, and golf teacher. I would recommend it for those who love golf and cherish their families.0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent book for golfers and non-golfers.Von Ein KundeI recently read this book and I was thoroughly pleased. I think the book offers many helpful tips and drills for golfers of all skill levels. It also tells a great story about Davis' family and the relationship he had with his father. A couple of chapters are heart wrenching when he discusses his father's plane crash and how the family had to deal with his death. I think that all golfers will like this book.

KurzbeschreibungThrough this moving tribute to his father's love, Davis III passes along the benefits of those lessons in a gem of a book that will improve your golf gameand enhance your life.With every shot he takes, Davis Love III provides a tribute to the strength and the value of his father's teachings. And in Every Shot I Take, he shares with us the psychological and technical lessons he learned about how to play golf with power, with skill, and with joy. His lessons include drills, the Ten Commandments of Putting, six steps to successful long bunker shots, and tips for playing in the wind and rain, on fast greens, or out of long rough. Yet each lesson is ultimately about something more than golf. Golf was, for Davis, Jr., a way of being a father, of teaching his sons how to learn, how to approach whatever they might choose to do with knowledge and with care, how to overcome obstacles through dedication and understanding. It was the vehicle through which he taught the most important lesson of all: "Follow your dream, and enjoy the trip."deIt's hard enough to carry the name of a famous father. Davis Love III took on even more pressure when he stepped into his famous father's spikes and went out, like his father before him, to earn his living on the Professional Golf Association tour. Fortunately for the son, the father was not only a fine player, he was also one of the country's most respected golf teachers, and he taught his son well. Love III's homage to Love Jr., who was killed in a plane crash, is a literal love-fest, a gracefully emotional hybrid of personal memoir and golfing wisdom. Like Harvey Penick's Little Red Book, the instructional portion of Every Shot I Take, collected from the father's compulsive note-takings, is filled with the kinds of nuggets--practical and inspirational--that golfers cling to when the sweet spot on their clubs begins to turn sour..comIt's hard enough to carry the name of a famous father.
