Von Victoria Bernhardt : Example School Portfolio, The: A Companion to The School Portfolio before purchasing it in order to gage whether or not it would be worth my time, and all praised Example School Portfolio, The: A Companion to The School Portfolio:

KurzbeschreibungThis book presents a prototype school portfolio, along with annotated explanations and suggestions. Although this book describes a hypothetical elementary school, the data and examples come from real schools at which the authors worked, and the recommendations can be applied to any level school engaged in systemic reform.
