Von Blake Rudis : Exploring HDR: Photoshop, Photomatix Topaz Adjust (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Exploring HDR: Photoshop, Photomatix Topaz Adjust (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. sehr nette bersichtVon Marc Rene DelhalleFr den Preis gibt es keine bessere bersicht ber HDR-Erstellung. Absolut lesenswert!In english: excellent tutorial and very worth the money

Kurzbeschreibung Using Photoshop, Photomatix and Topaz Adjust, Blake Rudis, creator of the award winning blog Everyday HDR, walks you through the wonderful world of High Dynamic Range photography. There are many methods that are discussed in Exploring HDR from the typical multiple exposure tone mapped HDR image to the single Raw file technique. Blake gives away many of his secrets in this book with 6 different HDR techniques, 9 HDR post processing techniques, over 130 detailed pictures, and bonus content in every Chapter. Blake knows the importance of post processing your HDR images and has included several detailed post processing techniques. These techniques include adding depth to your tone mapped photo, combating chromatic aberrations, HDR specific noise reduction and so much more! If you are looking for a highly detailed, tutorial based HDR book, Exploring HDR is the one for you!

Key Highlights of Exploring HDR:

- *Designed for Beginner to Advanced skill levels*
- *Bonus Content in every chapter*
- *Downloadable files to follow along with the tutorials on select Chapters*
- *Step by step tutorials to help you better your HDR photography*
