wonderful bookVon ozzI am a sunday school teacher, and my pastor asked me to give a class on "introduction to the old testament". He suggested I look into this book, so I ordered the book from .com. I have been using the book for the sunday school teaching and the book has been a very good source for teaching. For individual reading, it is great!. The book goes in sequence starting from Genesis and it explains the books of the bible very thoroughly. It is not a complicated or complex book to read, neither is it too simple. Its format is very nice to follow. I am enjoying it!
