Looking beyond the person to deal with the problem...Von Ein KundeAs a Pastor I am ordering several more copies to give as required reading in our church. Godwin deals with the spiritual root of the outward expression of people in church . This is not a novel or romantic book for casual reading. If you always wondered why certain people you know act like they do , you will find excellent insight from this seasoned minister of the Gospel.No it is not about witches and

brooms and cauldrons , but it is about manipulation and control and power seeking people and how to deal with them in your church and your personal life.0 von 0 Kunden fanden die folgende Rezension hilfreich. A very timely, informative, and on target resource.Von Ein KundeFor those who haven't read it and think (or expect) this book is about witches and either true or fictional witch related stories ...wrong!It is a book about witchcraft though! It's about the kind of witchcraft that happenens in Christ professing, evangelical, "we don't have that kind of thing happening in our church" churches.Anyone who thinks that their church is immune to this type of situation should read it. Anyone who wonders why there always seems to be division, disunity, and conflict in their church should read this book. Anyone who wonders why their church just seems to be "spinning its wheels but not going anywhere" should read this book. Anyone in a position of leadership, authority, or influence in a church should make a point of reading this book.Anyone who thinks that the words "manipulate" "dominate" and "intimidate" have an strangely familiar ring to them - in relation to activities in their church should definitely read this book!0 von 0 Kunden fanden die folgende Rezension hilfreich. Ever felt manipulated, intimidated or dominated..?Von A. L. RahmThis book is not about witches or witchcraft as most people imagine those things. It is about the manipulation and control, domination and intimidation that occurs in so many churches and families, destroying relationships and organizations, denying many the freedom that they have been given in Christ. These things are not from God but are part of Satan's subtle plan to keep Christians and Churches ineffective in this world. This book is not a call to start a "witch hunt", but to recognize the root problems behind destructive events in the lives of individuals and organizations and to learn how to stand firm in the truth of Christ's redemption and freedom using the tools God has given us to live a victorious, effective life.

KurzbeschreibungThe Bible says that rebellion is as the sin of witchcraft, and Rick Godwin believes that rebellion is rampant in the churches today. Satan is using some unfamiliar spirits to divide and destroy families and churches. Godwin's teaching exposes how the devil is using the sin of witchcraft, and how you can defeat the enemy and his evil plots. Ideal reading for pastors, church leaders and anyone else interested in knowing what the Bible says about the satanic scheme to bring down your church.
