KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. comment about Levi StrausVon Ein KundeI've only seen the comment about Levi's and it's completly wrong. Levi was unemployed and made the pants out of sail cloth. Dyed them so they would look more like suit pants. A miner saw

them and thought the tough material would make them good mining pants (1849 49ers). The pockets were added to carry rock samples. The rivets were added because the weight of the rock samples kept tearing the pockets loose. I wouldn't buy a book when the first thing I read was wrong.0 von 0 Kunden fanden die folgende Rezension hilfreich. great book for hard to buy-for in-lawsVon Ein KundeA great book for people interested in just about everything. Since the book is so diverse you are sure to find something for everyone. A wonderful choice if you need to get a gift for someone very hard to buy for. I've not met anyone who hasn't thoroughly enjoyed the book. Frankly, I think its a terrific "bathroom" or guestroom book.0 von 0 Kunden fanden die folgende Rezension hilfreich. Really should get six starsVon Ein KundeA supurb traveling or gift book, with excellent informative pieces of information which will please almost anyone. His other books are equally well written, but this is probably the best due to its diversity of information. This time, I'm getting three copies, since when it is lent out it rarly comes home!
