write-up Von Michael Carpenter Charley is fortunate to be able to do things that many of us dream of. I enjoy the way he goes about things and wish to read/see more of his adventures.

Kurzbeschreibung Charley Boorman is back on his bike exploring the world's second largest country - home to some of the most stunning and challenging terrain known to man. Canada is a country of extremes, and Charley knows all about pushing the limits. He goes dirt biking in New Brunswick, dives through old shipwrecks in Tobermory and rides along Butch Cassidy's old Outlaw Trail. He also meets a fascinating mix of people on his journey. As he heads across Canada, he plays ice hockey with a legend of the game; spends a day as a Mountie cadet and nearly meets a ghost in Winnipeg . . . Written with Charley's trademark enthusiasm and humour, Extreme Frontiers is fast-paced, hugely entertaining and packed with adventure (and rather a lot of mosquitoes). Pressestimmen "Replete with colorful characters, hair-raising action and enough raw machismo to knock over an elephant."
