really real book! Von Andrea Rammer I love how the book is so authentic and speaks right into my situation, my mentality, and state of heart. I'm a super slow reader as I usually take pretty long to process, but couldn't help to read this one through in a very short amount of time. - I just wasn't able to put it down. I especially enjoyed how the book is structured and includes personal report, experiences and testimony; biblical founded theoretical part with the parable of the Pharisee and the tax collector; and God's heart-melting/ mask-melting love in Christ.

Kurzbeschreibung Have you ever felt like a faker? Facebook, Twitter and Instagram allow us to paint beautiful pictures of our lives. But many of us feel like fakers. If people really knew who we were, what would they think? Would they still care? What would life look like if we stopped pretending? This book not only explores that question, but provides the thrilling answer found in a short story told 2,000 years ago. This richly illustrated book for teens and older brings the power of this exciting story to bear on our modern lives.
