Von Shadowrider  
Elizabeth Clare Prophet liefert hier einen sehr interessanten mythologischen Ansatz für die Verbreitung des Bösen in der Welt. Ob man es in der Form glauben will oder soll sei dahingestellt aber das Buch ist auf jeden Fall lesenswert für alle, die sich für alte mystische Schriften interessieren.

Von Gabrielle LeBlanc  
Either you believe that Jesus was God incarnate, that He founded a Church to teach the truth to the whole world and therefore that Church is trustworthy -or you don't. Elizabeth Clare Prophet clearly falls into the latter category. There are a great many books that the Early Fathers considered spurious; a Christian can still read them, but shouldn't take them too seriously. A non-Christian has no such limitations. But then, one must ask, why would a scholar take ONE book -the book of Enoch, for example- more seriously than another book -the gospel of Matthew or Luke or the book of Genesis? Because the former was discarded and forgotten, while the latter are famous and fussed over? Is that a good reason? That's like saying, "early scholars were stupid and clued out; I'm smarter and more enlightened than all the Church Fathers put together." I happen to have read the Church Fathers and have a great respect for them; if they felt the book of Enoch did not teach the truth, I'll take their word for it.  
0 von 1 Kunden fanden die folgende Rezension hilfreich. The evils of society finally explained.  
Von Ein Kunde  
Inside this book Elizabeth Clare Prophet gives her theory on the basis of Evil found in Society Today. How? She introduced the reader to the virtually forgotten Book, "Enoch"  
The book of Enoch is believed to be have written before the book of Genesis. To prove its validity, it has even been researched and documented that Jesus himself studied The Book of Enoch as a teenager. Further research has shown Jesus refers to the same quotes and even references to passages found in The Book of Enoch.  
Inside the book, you're introduced to the author Elizabeth Clare Prophet. She has studied the book of Enoch and has come to a startling conclusion that the offspring of the Fallen Angels, are still very much alive today.  
Inside the book you learn about the Early Prophet Enoch, and the stories God directly told him of the angels who lusted the daughters of man. The angels took human form and created offspring with the human women. After their party of lust on Earth was over, they were cursed by God, and "grounded" on Earth. Ever since then offspring of the angel/human sex party have grown with a burning hatred for God, and designed solely for evil, and the destruction of mankind.  
Elizabeth Clare Prophet clearly states her theory that the offspring of the fallen angels are still very much alive today. She links the connection between evil people all through out the history of time, and their connection to the evil offspring. To say this book is amazing is an understatement. Inside the book, you will discover a new part of the world, and the bible you have never seen before. Get it. FATNWO

Kurzbeschreibung  
Did rebel angels take on human bodies to fulfill their lust for the "daughters of men"? Did these fallen angels teach men to build weapons of war? That is the premise of the Book of Enoch, a text cherished by the Essenes, early Jews and Christians but later condemned by both rabbis and Church Fathers. The book was denounced, banned and "lost" for over a thousand years until in 1773 a Scottish explorer discovered three copies in Ethiopia.  
Elizabeth Clare Prophet examines the controversy surrounding this book and sheds new light on Enoch's forbidden mysteries. She demonstrates that Jesus and the apostles studied the Book of Enoch and tells why Church Fathers suppressed its teaching that angels could incarnate in human bodies.  
*Fallen Angels and the Origins of Evil* takes you back to the primordial drama of Good and Evil, when the first hint of corruption entered a pristine world--earth. Contains Richard Laurence's translation of the Book of Enoch, all the other Enoch texts (including the Book of the Secrets of Enoch), biblical parallels.

Synopsis  
Did rebel angels take on human bodies to fulfill their lust for the 'daughters of men'? Did these fallen angels teach men to build weapons of war? That is the

thesis of the Book of Enoch, a text cherished by the Essenes, early Jews and Christians but later condemned by both rabbis and Church Fathers. The book was denounced, banned, cursed and 'lost' for over a thousand years -- until in 1773, a Scottish explorer discovered three copies in Ethiopia. Elizabeth Clare Prophet examines the controversy surrounding this book and sheds new light on Enoch's forbidden mysteries. She demonstrates that Jesus and the apostles studied the book and tells why Church Fathers suppressed its teaching that angels could incarnate in human bodies. Contains all the Enoch texts, including the Book of Enoch, and biblical parallels. This book takes you back to the primordial drama of Good and Evil, when the first hint of corruption entered a pristine world -- Earth.
