**Von Jennifer Salvato Doktorski : Famous Last Words** before purchasing it in order to gage whether or not it would be worth my time, and all praised Famous Last Words:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. 3,5 - Schnes Contemporary Buch, aber kein Must-Read. Von Tanjas Rezensionen Nach How My Summer Went Up In Flames (awsome!) musste ich natrlich auch das Erstlingswerk der Autorin unbedingt lesen. Natrlich kommt man nicht darum herum Bcher von einer Autorin miteinander zu vergleichen und dieses Werk hat mir nicht ganz so gut gefallen.

Zwar hat es auch wieder jede Menge Humor in sich und die Protagonistin ist wirklich ein super ses und liebes Mdchen, mit Biss, aber irgendwie hat mir doch das gewisse Extra gefehlt. Ich fand die Idee hinter der Story dafr aber wirklich gut. Sam arbeitet bei einer Zeitung und ist dort fr die Todesanzeigen zustndig. Zu Beginn und auch zwischendurch fragt sie sich immer, wie wohl ihre eigene aussehen wrde. Das ganze Thema "Wenn du stirbst zhlen nur noch wenige Dinge" oder "Man kann dein Leben auf 5 Stze komprimieren, wenn es sein muss" fand ich wahnsinnig gut. Das war eine Sache, ber die ich persnlich noch nie nachgedacht habe. Ich meine, wenn ihr euch jetzt hinsetzten msstet und eine Todesnazeige ber euch schreiben, wrde euch etwas einfallen? Was wren die Dinge, die wirklich entscheidend waren? Etwas da ihr erreicht habt, wie ein Job oder eher eure Familie? Dadurch hatte das Buch eine sehr melancholische Note, die trotzdem nicht das Gesamtkonzept gestrt hat.Im Gegensatz zu vielen anderen YA Contemporary Bchern hat dieser Roman doch fter mal andere Wege eingeschlagen, weil im Zentrum der Handlung wirklich Sam und ihre Entscheidungen standen. Natrlich gibt es auch wieder das ganze Programm: Erste Liebe, erster Kuss, Wer will ich sein, wo will ich hin und wer bin ich - dennoch hat die Autorin nicht so viel Gewicht auf das Umfeld, sondern mehr die Figuren im kleinen Kreis gelegt.Genau wie bei ihrer Road-Trip Story wird es hier immer mal wieder lustig, durch Schlagabtausche und witzige Dialoge, die von komisch bis hin zu absurd alles sind. Zusammenfassend gesehen, war mir das Buch aber trotzdem etwas zu lang gezogen (und das bei 280 Seiten) denn viele Dinge ziehen sich, besonders, was Beziehungen angeht. Zwischendurch hatte ich den Wunsch nach etwas mehr. Mehr von allem.0 von 0 Kunden fanden die folgende Rezension hilfreich. Noteworthy YA news! A light-hearted and endearing story that should be next on your summer reading list.Von Miss Page-TurnerFAMOUS LAST WORDS is set over the course of one summer, my favourite time for YA contemporaries to be set. Samantha D'Angelo is sixteen and interning at her local newspaper, The Herald Tribune. We get to follow Sam from week one on her journey from obituary writer to investigative journalist star. This is her chance to live her dream and write the story of her life even if she doesn't know it yet. Sam's story is much about personal development and growth. Writing obituaries proves to be not as bad as she thought. Her work at the local newspaper is teaching her to be more open and curious, also to stand up for herself. Obits are not just some random collections about boring facts that have to be said about people who passed way. They are each a new chance to tell stories about lives, about people who affected us. FAMOUS LAST WORDS is about learning to appreciate every person, their varied lifestyles and knowing that every person's life can be special in its very own way.The busy newsroom buzz immediately gets into your bloodstream, injecting you with that curious and restless energy that seems to be appertain to journalists. Readers will be offered a fabulous chance to spend time in a newsroom, learn more about publishing and the dynamics of its internal and external relations. You'll also be supplied with a dubious case that should make a brand new sensational story for the newspaper, newsroom jargon included. Get ready for a meeting with the The Herald Tribune's team. Hard shell, yet always encouraging boss Harry, busy detective type Michael, ally Meg, snappy editor Bernie, always friendly intern AJ, and of course immediate crush material Tony. Unsurprisingly Sam's focus is all set on features intern Tony. But what about fellow intern AJ, the sweet and supportive guy at her side? I totally wouldn't mind a sequel to FAMOUS LAST WORDS to see where Sam's writing skills take her and what's her life like on the romantic side. Her love story was like one big research task and sadly it took her some time- too much- to see the important facts that would help her find happiness.Jennifer Salvato Dottorski puts great emphasis on family and friendship. Sam's parents and her best friend Shelby are always there for her. Sticking together, caring about the other, worrying, setting boundaries, but also giving room for your own decisions and experiences.Relationships in FAMOUS LAST WORDS might not be as complicated as in other current YA contemps, but it's a definite upbeat and feel-good read.4/5 \*\*\*\*\* FAMOUS LAST WORDS - Noteworthy YA news! A light-hearted and endearing story that should be next on your summer reading list.The The Herald Tribune's newsroom is where you'll be wanting to spend your summer. See how stories are made, intrigues spun and what a sixteen-year-old intern is doing at the obit desk. There's so much motivation and energy buzzing through the newsroom that you can't but feel welcome to take a look behind the scenes of publishing.All together, newspaper development and romance parts, the story comes along a bit too predictable. Nevertheless it's still a lot of fun and a YA contemp I'd always recommend as a light and cute summer read.

KurzbeschreibungIn Famous Last Words by Jennifer Salvato Dottorski, sixteen-year-old Samantha D'Angelo has death on the brain. Her summer internship at the local newspaper has her writing obituaries instead of soaking up the sun at the beach. Between Shelby, Sam's boy-crazy best friend; her boss Harry, a true-blue newspaper man; and AJ, her fellow "intern scum" (aka the cute drummer for a band called Love Gas), Sam has her hands full. But once she figures out whator whois the best part of her summer, will she mess it all up?As Sam learns her way around both the news room and the real world, she starts to make some momentous realizations about politics, ethics, her family, romance, and most important herself.Pressestimmen"Cleverly titled, realistically written, and on the whole engaging and sympathetic, this story rings true." -- "Kirkus s""Cleverly titled, realistically written, and on the whole engaging and sympathetic, this story rings true." -- "Kirkus s""A satisfying office romance set against the backdrop of tight
