(English Edition):

Kurzbeschreibung "The Wonder Years" meets "The Notebook" in this true-life coming-of-age love story. If you remember your first love, your first date and your first kiss, then *Feels Like the First Time* will take you back to those moments. Shawn met Dawn when she moved in next door in 1976. Soon, they were best friends, then became each other's first loves. Shawn was outgoing but bookish, Dawn, beautiful and reserved. Their storybook romance came to an end when Dawn's parents forbid them to see each other. They obeyed - for 27 years, until a chance meeting swept them up in a storm of emotions and memories. Can the sweet bond of first love not only survive into middle age, but flourish? *Feels Like the First Time* lets you share in the magic of young love in small town America in the 1970s. No matter how much the world changes, some things timeless music, high school dances, making out in the backseat of a Chevy Vega, and of course true love will always remain the same. "Both Sides Now," the best selling sequel to "Feels Like the First Time" is also available for the special price of just \$2.99 this week. "Both Sides Now" tells of the same events, but from Dawn's perspective.
