**Von George, 1819-1880 Eliot : Felix Holt, The Radical** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Felix Holt, The Radical:

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich.  
Incomparable Von Maggie Tulliver Some might say nothing can equal Middlemarch as Eliot's greatest work but I think that even if Felix Holt doesn't rank alongside it in literature, it should be given at least an equal status. The novel deals with provincial politics in nineteenth century England through the mouthpiece of one of the best male protagonists

ever drawn in literature by a female writer. As in all her books, Eliot is sharp in her details, the satire is poignant and she doesn't miss out on humor. Feminism takes a different turn here, with telling criticisms on the way females were brought up at that time and in many third world countries, still are brought up. Eliot is never bitter, never hopeless, yet always realistic and idealistic with this difference: she doesn't let it get out of control. Fear not: mawkish is the last thing this book is. Some details might seem to be superfluous but it adds up to showing the literary prowess of this great woman, and is very helpful in letting you understand the real stuff going on at that time. A good, very well-written socio-political novel, that depicts the atmosphere of its time with more accuracy than many other books I've read. Eliot does have the most amazing ability to get into her characters' minds. although this book is an all rounder in the sense that it comments on most social issues, the two main intimate themes of the books are personal to the central character, Felix, the most "alive" hero of nineteenth century literature: his politics and his love interest, in herself a very compelling and subtly drawn character. Worth reading for all Eliot, Dickens, and Hardy fans. Will definitely give you two or three new opinions: even if the time period is different, much of the philosophy of the book is still very relevant. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful novel of 19th century society. Von Ein Kunde Felix Holt combines themes of political responsibility and social concern amidst the background of a community that is facing problems involved with the rapid industrialization of the country. Eliot depicts a village caught in a battle between tradition and progressivism. The characters who make up this struggle are brilliantly portrayed. There is even a sweet romantic twist to the story that renders it even more enjoyable. Eliot gives one the impression that in order for society to make advances for the good of all, some people must willingly give up the prosperity and status that accompanies a largely capitalistic state. It is through such noble acts that those less fortunate can gain a voice in a system that constantly represses them. This is the major theme of this incredible novel.

Kurzbeschreibung Hard Press Classic Books Series Kurzbeschreibung Hard Press Classic Books Series ber den Autor und weitere Mitwirkende George Eliot was the pseudonym for Mary Anne Evans, one of the leading writers of the Victorian era, who published seven major novels and several translations during her career. She started her career as a sub-editor for the left-wing journal *The Westminster*, contributing politically charged essays and reviews before turning her attention to novels. Among Eliot's best-known works are *Adam Bede*, *The Mill on the Floss*, *Silas Marner*, *Middlemarch* and *Daniel Deronda*, in which she explores aspects of human psychology, focusing on the rural outsider and the politics of small-town life. Eliot died in 1880.
